

## College of Community Innovation and Education

UNIVERSITY OF CENTRAL FLORIDA

January 28, 2026

Dear Delante,

On behalf of the College of Community Innovation and Education (CCIE) Graduate Committee, this is to inform you that you have been selected as the College winner for the graduate student award, Outstanding Graduate Creative Work. We are pleased to include a Certificate of Award notification for your efforts and achievement.

The College received nomination packages from many of your peers, all of them accomplished and dedicated graduate researchers. After careful evaluation by a committee of CCIE graduate faculty, your nomination package was selected as the best in the College in the graduate creative work arena for the 2025-2026 academic year.

At this time, your college level nomination package has been forwarded to the UCF College of Graduate Studies for consideration of the university level award. The University of Central Florida Graduate Council will review and recommend award winners to the Interim Dean of the College of Graduate Studies, who will make the final selection and notify recipients later next month.

Congratulations and thank you again for taking the time to complete and submit your credentials. We wish you the best of luck at the university awards review.
